Maples Focused Learning Class (3rd & 4th Grade)	This class is geared towards students who need extra help in reading, spelling and math. This class will function like the other elementary classes using much of the same curriculum, but will go at a slower pace with special emphasis and focus on reading disorders, dyslexia and other common learning struggles. Curriculum will be supplemented and adjusted as needed. Upon completion of the class, students should be on level with their peers. (Dana Eakle)
